

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

On advice of Attorney General John E. Bird and Ex-Attorney General Horace M. Oren, the Board allowed the claim of M. J. Cavanaugh for legal services for the Board of Control of the State Prison at Jackson in the matter of investigation of charges against Warden Chamberlain from May 28 to December 28, 1900.

The following claims were received from the State Highway Commissioner on account of his biennial report for 1905 and 1906: Speaker Printing Company, composition, \$343.25; Speaker Printing Company, postage on proofs and freight on paper, \$4.17; F. N. Rounsville, freight and cartage on unused paper returned by Speaker Printing Company, \$5.74; F. N. Rounsville, freight and cartage on box of cuts, 66 cents.

The following claims on account of this report had been previously paid:

Speaker Printing Company for presswork and printing half-tones and plates, \$219.50; Speaker Printing Company for printing covers, \$4.67; Robert Smith Printing Company for binding and for freight on printed matter from Speaker Printing Company, \$268.21; F. N. Rounsville, freight and cartage, \$18.75, \$2.66 and 41 cents; United States Express Co., 40 cents.

The claim of the Speaker Printing Company for composition amounted to \$104.45 more than the composition would have amounted to, had the printing been done by the State printer. The State Highway Commissioner had requested the cancellation of the order to the State Printer to print his report, claiming that the State printer had had order and copy for his report for thirty days, that the State printer had not yet commenced to print and that the State printer would not get his report printed as soon as it ought to be printed. The order to the State printer was cancelled with the understanding that the State Highway Commissioner would have his report printed at a cost not to exceed the cost under the State printer's contract.

The Board directed that the unpaid bills be returned to the Highway Commissioner and that a bill be prepared for composition for the same amount that the composition would have cost under the State contract less all bills for freight and express which had been paid and which would not have been necessary had the work been done by the State contractor.

On motion the Board adjourned.

PUBLISHING AND SALE OF SUPREME COURT REPORTS.

Callaghan & Co., Chicago, Contractors.

For eight years from May 13, 1904.

Articles of agreement made and entered into this 21st day of December, A. D. 1903, between the firm of Callaghan & Co., of the city of Chicago, of the first part, and the State of Michigan, by its Board of State Auditors, of the second part;

Whereas, the party of the first part was the lowest bidder for the publication, electrotyping, printing, binding and sale of the Supreme Court Reports of the Supreme Court of the State of Michigan, and the contract therefor has been awarded to them for the publication, electrotyping, printing, binding and sale of said reports for a term of eight years from and after May 13, 1904;

Now, therefore, in consideration of the premises, the party of the first part hereby covenants, promises and agrees, to and with the party of the second part, to publish, electrotpe, print and bind, and within sixty days after receiving the final manuscript of any volume from the reporter, place the said Reports on sale in the city of Detroit and the city of Lansing and such other places in Michigan as may be directed by the Judges of the Supreme Court in writing, in quantities sufficient to meet all demands, and shall thereafter at all times keep the same on sale to citizens of this State, at the places aforesaid, in suitable quantities, at a price not exceeding one dollar and thirty cents per volume. Each of said volumes shall contain not less than seven hundred (700) nor more than seven hundred and fifty (750) pages of text, exclusive of table of cases and index, to be electrotyped and printed and bound in a good substantial manner and form, of good material for law books, and printed in not larger type, set in the same manner and of the same style and quality as volume thirty-eight (38) of the Michigan Reports in the State Library at Lansing, subject to the approval of the Judges of the Supreme Court, or a majority of them, and such approval in writing shall be filed with the State Librarian when the three hundred and fifty copies of each report are delivered to the State Librarian as hereinafter required.

And in consideration of the premises it is further agreed, as follows:

That the party of the first part shall take out a copyright to and in the name of the Secretary of State for the use and disposal of the State, upon each volume published under such contract.

That if it shall, on petition by any citizen of Michigan, be made to appear to the Judges of the Supreme Court, or any two of them, that the party of the first part has in any respect failed to comply with the provisions of this contract, said Judges may, upon hearing had in such manner as they may direct, declare the contract forfeited, and on such forfeiture being declared, said first party shall upon demand of said board transfer to the Secretary of State of this State, for the use of the State, all the electrotyped plates of all volumes published under such contract, or in default thereof will pay to the Treasurer of this State one thousand dollars for each such volume as liquidated damages for a failure to make such transfer.

That the party of the first part will as often and as soon as any and every volume is ready for binding, deliver to the Secretary of State at Lansing, free of all charge whatsoever, a set of electrotyped plates thereof, boxed and in good order for printing, or in default thereof the party of the first part shall pay to the Treasurer of this State the like sum of one thousand dollars as liquidated damages for a failure to deliver the same.

The said party of the first part further covenants and agrees to deliver to the State Librarian at Lansing, free of cost for publication or delivery, three hundred and fifty (350) copies of each volume of said Reports in good order; and that said three hundred and fifty (350) copies shall be delivered to the said Librarian before any copies are offered for sale, the object of this clause being to secure to said Librarian the first three hundred and fifty (350) copies of each Report printed under this contract; and that the party of the first part will also at the same time notify the Secretary of State of the number of copies of that report which he has printed; and said Librarian shall dispose of said three hundred and fifty (350) copies by distributing them as required by law, and for exchanges, and in such other way for the benefit of the State Library as the Librarian shall decide.

That after the stock of any volumes, the electrotyped plates of which are owned by the State, shall have become exhausted, the said party of the first part shall have the right to print from the electrotpe plates of all such volumes and shall print from them, and shall sell such reports to the citizens of this State at a price not exceeding one dollar per volume, and such Reports so printed from plates shall be marked on the title page thereof "Second Edition."

The original electrotpe plates shall be at all times the property of the State of Michigan, and shall be kept in the possession of the Secretary of State, in the capitol at Lansing, subject to the right of the said party of the first part to use the same, during the term of such contract or until the same shall be declared forfeited as provided by Act 168, S. L. 1879, by complying with the following conditions:

When the said party of the first part desires to make a reprint of any Report, the said party of the first part hereby covenants and agrees to certify to the Secretary of State the number of volumes heretofore printed of that Report and the number sold, and shall also state the number of volumes of such Report he desires to print, and if said former edition is exhausted, and in no other case, the Secretary of State shall deliver to said contractor the plates of the Reports so requested, and said party of the first part shall print no more copies of such reprint than stated in his certificate to the Secretary of State; and in all other cases the said plates and all of them shall remain in the possession of the Secretary of State in the capitol at Lansing.

And the said party of the first part further covenants and agrees to print on the title page of each volume of the first edition of each Report the words "First Edition," and in the edition or editions printed from plates so as above secured from the Secretary of State, they will print on the title page of each volume thereof the words "Second Edition," and in like manner with each subsequent edition; and that on the back of each copy they will place the words "Michigan Reports," number of volume, "Vol.—," "1—," "1— to 1—," and name of Reporter.

And the said party of the first part further covenants and agrees to sell such Reports printed from plates so as above secured from the Secretary of State at a price not exceeding one dollar and thirty-five cents per volume, this price to apply only to reprints of volumes published under and during the life of this contract.

And the said party of the first part further covenants, promises and agrees to supply the State of Michigan for State use only and not for sale or exchange, copies of the first twenty-six (26) volumes of said Supreme Court Reports, which are annotated and copyrighted by the party of the first part, either singly or in sets, at one dollar per volume.

This agreement is to be and remain in force for eight years from and after the thirteenth day of May, A. D. one thousand nine hundred four.
